Lon/Nayak: Let me know a compatible time that we can meet on the dates/times below-the technical support document is scheduled to be completed by direction from Ecology's director and Governor's office no later than Aug. 17th so I need this to occur sooner than later. Craig

Dear Craig,

Thanks for sharing this report. Thursday or Friday (August 2nd or 3rd) between 8am and 12pm are the best times for me. Please let me know when/if there is a time that will work in these slots. Likewise, please suggest a location for the meeting.

Thank you,

Casey

Subject: Statistical Report

Good Morning Casey:

I have attached the most recent draft report from Nayak Polissar – “Statistical Analysis of National and Washington State Fish Consumption Data.” Nayak, Lon Kissinger (EPA, Region 10), and I would like to meet with you to review the attached report and to focus your review on specific issues. Lon Kissinger is a senior toxicologist in EPA-Region 10 and is considered one of the foremost experts on fish consumption related issues for the Pacific Northwest.

Nayak will be in the Seattle area from July 31st to August 6th. I would like to schedule a meeting during that time period for all of us to meet at a mutually convenient location. Level of effort and cost of the focused review will be discussed during our meeting. Please provide me with dates and times of your availability from July 31st to August 6th so I can match other calendars.

Thank you for your consideration of this issue, regards, Craig
